

NOTICE OF REOPENING

PNRR-TNE International Mobility Programme - Green & Pink for Sustainable Education, (GPS-EDUCATION)

Project Proposal TNE23-00012– CUP D91I23001030006

STAFF MOBILITY FOR RESEARCH, TEACHING AND TRAINING

Application window: from 15th January 2026 until 24:00 15th April 2026

Referring to the “Call for Staff Mobility for research, teaching and training”, issued by Director’s Decree n. 3363 Rep. n. 355/2025 on 20/11/2025, the deadlines are reopened for submitting applications **only for outgoing staff mobility** for research, teaching, and training for the academic year 2025/2026, which **must be completed no later than 20th May 2026**.

1. Eligibility Requirements and Application Procedures

To participate, candidates (who have to belong to the University of Basilicata), must meet the requirements indicated in Art. 2 of the mobility call issued with Director’s Decree n. 3363 Rep. n. 355/2025 on 20/11/2025.

Applications must be submitted **exclusively online** by 24:00 of **15th April 2026**, through the same link (<https://forms.gle/G2LL5DQwrAFt7qGK9>) provided in the original call.

2. Selection and Grant Allocation Procedures

This notice operates on a **rolling (“sportello”)** basis and does **not** provide for the formation of a merit ranking.

Applications will be accepted in **chronological order of submission** within the specified timeframe and based on the **available financial resources**. Applications submitted after

the previous deadline (January 15th 2026) and before the publication of this notice will, in accordance with the rolling (“sportello”) principle, be evaluated with priority in the first awarding round.

To ensure efficient and timely use of the available EU funds within the final deadline, grants will be awarded to eligible candidates, giving **priority to** applicants who have **not** already been awarded a grant within the same CALL and **to applicants whose mobility begins earlier**, until all available funds are exhausted.

Although this is a rolling procedure, a summary list of the awarded grants will be published at the end of the application period, ensuring full transparency of the process.

3. Early Closure of the Application Window

The application window will be **closed earlier than 15th April 2026** in the event of the **early exhaustion of available funds**.

4. Publication and Transparency

The list of applications **approved for funding** will be published on the **International Relations Office** website: <https://internazionale.unibas.it/site/home/bandi-e-iniziativa-pnrrtne.html>, as well as on the website of the **Department of Engineering (DiING)** <https://diing.unibas.it/site/home.html>, after the end of the application window.

5. Information and Documentation

For further information and any communication, an email must be written to the email address gpseducationunibas@gmail.com. Requests sent to other email addresses will not be accepted or processed. It is required to use exclusively the email address provided during the application process. Consequently, any communication sent from email addresses other than those specified above will not be accepted.
